The Supreme Court of American Business

There is a court that judges American Business . . . a court whose decisions are absolute—final.

It is the great American household—your family and mine. It passes judgment on every America Product . . . on the quality and price . . . on the package. . . on the merchant who sells it.

It is the buyer who has the power to judge whether or not an industry shall survive – whether the service is worthy and the price is fair.

It is not by accident nor by tricks of words that products in highest favor with the public are those that are advertised most.

Advertising is the force which makes possible national distribution of products . . . makes possible large scale manufacturing which brings down prices. Today you may buy advertised brands, with assured uniform quality and style, at prices lower than ever.

Every national advertiser knows that he cannot exist without maintaining and improving quality . . . without the approval of the supreme court of American Business.
